**CREDIT CARD SERVICE NOW AVAILABLE AT THE GAINESVILLE
REGIONAL AIRPORT PARKING LOTS.**

Gainesville, FL. January 8, 2003 – Passengers and visitors are now offered the convenience of using, for the first time, a credit card to pay for their parking in either the short term or long term parking lots at the Gainesville Regional Airport.

The machine was installed in December and passengers now have the choice of paying via credit card, cash or check. American Express, Master Card, Visa, Discover and Diner's Club are all accepted.

According to the manager of Parking USA, Ms. Olene Hughes, many passengers are opting to pay with credit card rather than cash or check. Ms. Hughes anticipates increased use of this convenience: "it's just a matter of time when the word gets around that we finally have a credit card machine available at the Gainesville Regional Airport.

For more information, please call the Public Relations Office at 352-373-0249.
